

Subjects offered in the Master “MUIA” –
Master in Agricultural Engineering
Course 23-24 and Course 24-25

Contact: subdtor.relext@etsia.upct.es

Code	Subject name	Sem	ECTS	Responsable Profesor
	Optional Research Training Module			
229102004	Techniques in cellular and molecular biology	S1	4	Julia Weiss Julia.weiss@upct.es
229102005	Genomic Tools in Research	S1	4	Marcos Egea Gutiérrez-Cortines Marcos.egea@upct.es
229102010	Advanced Techniques in <i>in-vitro</i> Plant Culture: Micropropagation and Production of Valuable Compounds	S1	4	M. Ángeles Ferrer Mangeles.Ferrer@upct.es
229102011	Plant Defense: Biotechnological Tools to obtain Plants resistant to diseases	S1	4	Catalina Egea Gilabert Catalina.Egea@upct.es
229102008	Predictive Microbiology and Improvement of Food Safety	S1	4	Pablo S. Fernández Escámez pablo.fernandez@upct.es
229102009	Technology and Engineering of Packaged Food with Minimal Processing	S1	4	Artés Hernández, Francisco De Asís fr.artes-hdez@upct.es
