

**AGRO-FOOD ENGINEERING AND BIOLOGICAL SYSTEMS****(SUBJECTS TAUGHT IN ENGLISH) – 2022 – 2023**

<b>CODE</b>	<b>SUBJECT</b>	<b>YEAR</b>
518101006	Geology Soil Science and Climatology	1
518101008	Plant Physiology	1
518102005	Animal Production	2
518102009	Environmental Physics	2
518103005	Irrigation and drainage	3
518103006	Genetics	3
518103011	Environmental management and policy	3
518103026	Green infrastructures	3
518103004	Diagnosis and Agricultural Chemistry	3
518104002	Vegetable crops	4
518104001	Degradation of ecosystems and techniques of restoration	4
518103012	Food quality, safety and trazability	3
518103016	Food engineering operations	3
518104011	Wine and fermented products technology	3
518104009	Postharvest technology of fruits and vegetables	4

<b>CODE</b>	<b>SUBJECT</b>	<b>YEAR</b>
518109001	Plant biotechnology	4
518109003	Genomics	4
518109005	Control fitosanitario	4
518109007	Agricultura ecológica	4
518109006	Fertirrigación	4
5181090010	Tecnología de la postrecolección	4
518109012	Aquaculture and derived industries	4
518109014	Cultivos para la industria	4
518109016	Technology of meat and dairy productos	4
518109017	Biotechnology and Additives in the Food Industry	4
518109019	Emergent technologies and control processing in food industry	4
518109020	Environmental management and policy	4
